Subject: Gavilan - Items for Today's Call

Hello,

Here are the items we need to review today for our call –

Assessment – Student Services
This was not been pushed to the sandbox yet. Forms have been created but we need to know the service areas and the outcomes tied to each of the Service Areas.

Assessment – Admin Units
This was not been pushed to the sandbox yet. Forms have been created but we need to know the service areas and the outcomes tied to each of the Admin Units.

Resort will be pushed with the other assessments are on the sandbox.

Version has been resorted.

Workflows are completed – Review on call

Attach File – Will be added when all assessments have been added to the list

SLO Modify – Ready to be deployed to production

Program Review – Standard module is on sandbox.
