High School Students' Concurrent Enrollment Opportunities Program

Education Code Sections 48800; 48800; 76001, 76004, and 76602; AP 5011 (Board approval pending)

Gavilan College may admit as a special part-time student any high school student who can benefit from advanced scholastic or vocational work. Authorization for such attendance is dependent upon recommendation of the student's high school principal and a written permit to attend.

Admitted high school students must maintain their full-time high school status when concurrently enrolled at Gavilan. The college course load shall be determined on an individual basis by the students and their assigned counselors at Gavilan College and their high school in accordance with college policy.

Students will be expected to provide their own texts, instructional supplies and pay fees. All students shall conform to the college's academic rules, regulations and codes of conduct.

Concurrent enrollment is intended to offer enhanced college-level learning, not to replace learning in the K-12 setting. The process for high school students to enroll at Gavilan has numerous steps and may take a week or more to complete. Plan ahead. You will need to apply, submit your permission forms, and take a placement test (where applicable), prior to registering. You must be in the 11th or 12th grade to register for Gavilan classes, and may enroll in up to 11 units (6 for summer).

Students may not take ESL or Basic Skills courses; only vocational, enrichment, or courses unavailable at your high school are allowed. The college sponsors two unique programs for high school aged students, the High Step Program and the Dr. TJ Owens Early College Academy.

After a student has been present in California for one year and one day and has manifested clear intent to become a California resident, she/he may apply for reclassification as a California resident. Non-Resident Classification

For purposes of the non-resident tuition fee, a community college district shall disregard the time during which a student living in the district resided outside the state, if:

1. The change of residence to a place outside the state was due to a job transfer and was made at the request of the student's or parent's employer in the case of a student who resided with, and was dependent on, the student's parent, and
2. Such absence from the state was for a period of not more than four years, and
3. At the time of application for admission to a college maintained by the district, the student would qualify as a resident if the period of the student's absence from the state was disregarded.

A non-resident tuition fee shall not be charged to a student who meets each of the conditions specified in subdivision 1 to 3, inclusive.

All other students shall be classified as non-residents and be required to pay the non-resident tuition at the time of registration. Classifications shall be based on evidence presented in residence questionnaires. Students must further certify these residency statements under oath to an employee of the college who is authorized to receive oaths by the governing Board.

Resident Enrollment Fees for Non-Immigrant Students (AB540) (AB2000)

Education Code Section 66205.3; 70902(b)(9), 76001 , 76300 et seq., , 78032 (d), Title V, Sections 51012, 58520, and 58629; BP 5030, AP 5030 (Board approval pending)

AB540, required by California law, provides an exemption from payment of non-resident tuition for eligible non-immigrant students. To be eligible, a student must

1. be a high school graduate (or the equivalent)
2. have attended high school in California for 3 years, OR have both attended at least 3 years combined elementary and secondary schools in California, and attained credits earned in California from a California high school equivalent to 3 or more years of full-time high school coursework.

The exemption does not grant residency status and the qualifying student may not be eligible for federal financial aid. Students are eligible for state and local aid including BOG, EOPS, CalGrants, and scholarships. The student must sign an affidavit affirming that he or she has filed or will file an application with INS to legalize his or her immigration status as soon as he or she is eligible to do so. Contact the Admissions and Records Office for more information.

Refund Policy and Procedure

Gavilan College shall not issue refunds for courses dropped past the second week of instruction in the fall and spring terms, or beyond the third day of instruction during the summer session.

Short-term courses must be dropped before 10% of the course meeting times have passed. For one- or two-day courses, this date will occur before the start of the course.

Refunds of less than \$10 will remain on the student's account as a credit unless the Admissions and Records Office receives a Request for Refund form from the student. Refund checks are mailed.

Refunds for Student Body Cards

Students may select to "opt out" of purchasing an ASB Card when registering for classes in person or online using Self-Service Banner. Anyone requesting an ASB card fee refund must obtain the written approval of the ASB advisor within ten days of registering. Please see the Student Activities Director in SC 161 if you have any questions.

Self-Service Banner

Students can access class listings and register using the online registration system, Self-Service Banner. Prior to using Banner, students must get a "G" number, the Gavilan College I.D. number issued once the admission application has been processed, and which grants access to the system.

Transfer Credit

Official transcripts from institutions fully accredited by appropriate accrediting associations will be evaluated for transferable lower division coursework. Appropriate units and subject content will be applied to major and general education requirements to meet prerequisites or graduation requirements. Courses taken at other California Community Colleges, California State Universities or any University of California will be transferred to Gavilan with the same general education designation as that of the issuing institution.

Students who wish to transfer coursework from foreign institutions must submit official transcripts to a college-approved foreign evaluation service for translation and evaluation.

Coursework from a foreign institution cannot be used for certification to a four-year institution. Students should contact the institution to which they wish to transfer to inquire about the acceptance of foreign coursework.
