[MUS 28](#)

NEW COURSE PROPOSAL - SECOND READING

AJ/POLS 5 Introduction to Modern International Terrorism 3 Units, 3 Lec, 0 Lab

This course centers on conceptually defining terrorism (all types-foreign and domestic, left and right wing, religious, environmental, and political, state and non-state), tracing the history and beginnings of modern international and domestic terrorism, critically examining the various U.S.-global responses to the 9-11-01 attacks, as well as generally evaluating and assessing how countries and peoples around the world try to cope with, prevent and/or respond to attacks by terrorist organizations, groups, or acts of terrorism perpetrated by nation-states or groups working with nation-states.

BIO 12 Introduction to Human Biology 4 Units, 3 Lec, 3 Lab

This course will provide an introduction to human biology for non-science majors to meet general education laboratory science requirements. It will cover the biologic principles of basic body structure and function including all systems of the body, genetic diseases, and biotechnology. This course satisfies the same general education life science requirements as Bio 10 and Ecology 1.

MODIFICATION TO EXISTING COURSE - FORM C

AJ 12 Criminal Procedure 3 Units, 3 Lec, 0 Lab

<u>MUS 13</u>	Concert Choir	2 Units, 1 Lec, 3 Lab
Update GE learning outcomes.		
<u>MUS 26</u>	Symphony Orchestra	2 Units, 1 Lec, 3 Lab
Update GE learning outcomes.		
<u>PSCI 2</u>	Introduction to Meteorology	3 Units, 3 Lec, 0 Lab
General update, update textbook.		
<u>SOC 1B</u>	Introduction to Sociology: Social Problems	3 Units, 3 Lec, 0 Lab
Change description: This course provides an overview of how sociologists understand, identify, and address social problems. Students will be introduced to and critically evaluate various theories to explain and analyze social problems, their presence in our lives, and the extent to which they can be defined as social problems. In addition to identifying contemporary social problems, students will explore the root causes of these social problem and search for potential solutions. Some issues that may be examined are: economic globalization, immigration, poverty, inequalities in educational and employment opportunities, race and gender inequality, and the decline in social connections. Update content, student learning outcomes and textbook.		
<u>SOC 4</u>	Sociology of Women and Men	3 Units, 3 Lec, 0 Lab
Change description: This course is designed to introduce students to gender as a basic organizing principle of social life. Students will examine how gender is socially constructed and how these constructions affect self identity, interpersonal interactions, social institutions, and inequality in society. Students will critically analyze the intersections of gender with race, class, and sexuality. Update content, student learning outcomes and textbook.		

DISTANCE EDUCATION - FORM D

CD 5 Child, Family, and Community

Distance education format will make the class available to students who would not otherwise be able to take the class.

DELETION OF EXISTING DEGREE OR CERTIFICATE

Language Arts - AA degree
