Vision/Narrative

Expand and improve CTE programs to meet the labor market in the region

Feedback from Supervisor / Dean

no ranking required
What are the projected new programs? What are the obstacles and opportunities? Who is our competition and how will we distinguish ourselves? On what data is the community need and growth based? What are the gainful employment implications? Several of the program objectives appear to be out of date or completed long ago. Should they be closed? Based upon this submission, CTE has one program objective in the coming year. It's unclear how the progress on the objective is related to the objective.

Based on all the state initiatives and your role, what changes are needed at a college level to achieve your mandates? What resources do you need and what are your priorities? What are your objectives to increase certificates, skills builder numbers and degree/transfers overall and by department?

Program Objective 1: Particpate in SWP activities both locally and regionally

Strategy and Goal(s):

Strategy #1: Optimize enrollment, course offerings, and services to reflect community needs and growth.
Goal #3: Increase course and program offerings, as funding allows with a particular emphasis on Transfer Model Curriculum (AA/AS-Ts).

IEC Program Review:

No: new programs not yet developed

Progress:

Yes: SWP continues to fund development of new programs . Drone, Hospitality, HVAC and toehres as they emerge in the CTE division.

Activity 1: Develop new programs to meet the SWP goals

Personnel Request - *none*
